# about

## Crispus Attucks Children's Center

At Crispus Attucks Children's Center, we nurture and care for each child individually, helping them grow up strong and smart. Every day, our trained teachers guide children through a range of multi-sensory activities that help them learn, share, and most of all enjoy their childhood. From babies as young as one month to boisterous pre-schoolers up to age six, Crispus Attucks Children's Center is there to guide your child through all stages of their development. Find out more about the diverse, caring, and enriching experience we can provide for your child.

## More about Crispus Attucks Children's Center

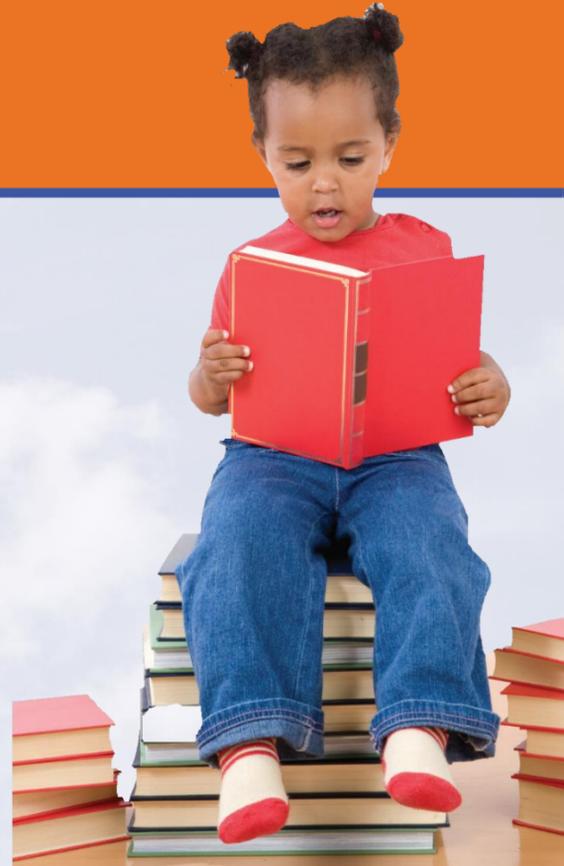

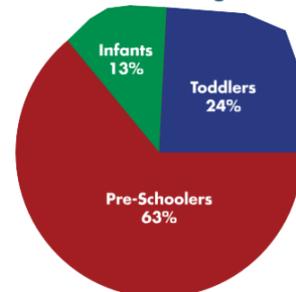

Crispus Attucks Children's Center was named after patriot and former slave Crispus Attucks, the first American killed in the Boston Massacre in 1770. Located on a 90,000 square foot campus, CACC is one of the largest provider of infant and toddler care in Boston. The Center is licensed by the Massachusetts Department of Early Education and Care and accredited by the National Association for the Education of Young Children (NAEYC).

The CACC program has a strong academic curriculum, but we also recognize that future success means supporting not only the child but also the child's family and the entire community.

### Fast Facts

- Early childhood education for over 200 children ages one month to six years
- Established in 1971
- Serving families throughout the Greater Boston area
- Second largest provider of Infant and Toddler care in Boston
- 65 teachers and staff
- Creative and well supervised educational activities
- 15 modern classrooms, and a natural playground, onsite kitchen, gymnasium and computers in every pre-school classroom

## Infants

### 1 month to 15 months

From the very first time we meet your babies our staff foster warm and positive relationships with them. We work with your babies to develop their sense of trust in the world and those around them. We create routines using our curricula\* to help ease transitions and give your babies the focus and attention they need to develop gross motor skills, language, and socio-emotional growth.

*\*Active Learning Series and Creative Curriculum*

### 15 months to 2.9 years

Our literacy rich classrooms promote early language skills and reading readiness, while playful, supervised activities support social interactions. Our award winning curricula\*\* is at the core of our work with toddlers and provides a range of multi-sensory activities to help each child grow, learn and develop in the way best suited to their needs.

*\*\*Active Learning Series and Creative Curriculum*

## Toddlers

## Pre-schoolers

### 2.9 years to 6 years

Age appropriate activities from our curricula\*\*\* for Pre-schoolers introduces young children to the worlds of science, history, mathematics, reading, technology, and the arts. Through it all, our teachers encourage their curiosity for learning, help them make positive social choices, teach self-regulation, and promote their sense of self.

### Free Universal Pre-K Program (UPK)

Eligible students must live in Boston and be **four years old** on or before September 1, 2021. Boston UPK includes a full 6.5 hour school day for 180 days per year at no cost to families.
